Remote Monitoring of Multiple Projects from ONE Location

OVERVIEW:

Oversee unlimited number properties from one Remote location.
 Stationary or PTZ (Pan Tilt Zoom) Cams.
 Offer additional security to your clients.
 Avoid unnecessary driving around town.
 PTZ Cams allow for long range zooming (26x zoom) ...remotely.
 Position cameras inside or outside.
 Night vision cameras available.
 Wide variety of camera types and lenses
 Images stored safely offsite at Manager's Office.
 WEP Encryption on all wireless

Requirements:

Power (or optional Solar)
 Hi-Speed Internet connection with static IP

All images can be captured, monitored, stored & retrieved from the **RVS Server** back at Project Manager's office.
 Accessible Remotely from any location in the world via HI Speed Internet. Also burn video to DVD of captured video.

* Live video from individual Cameras can be accessed directly via the internet without RVS Server (no recorded images in this scenario)
